W. Barrington Reilly Passes Away

The news has just reached Blairmore of the death of W. Barrington Reilly, which took place at the Victoria hospital yesterday afternoon. Mr. Reilly had been ill but a short period. He was but 44 years of age and a business man of much ability and acumen. Among other offices Mr. Reilly was vice-president and managing director of the Rocky Mountain Cement Co., who operate a plant here. He was also president of the British Canadian Oil, Ltd., and secretary-treasurer of the Al Azhar Temple Co. at Calgary. Mr. Reilly's life was that of a busy man, and his death at the very prime of life cuts off a career that had already been more than usually successful. Born in Dublin, Ireland, W. Barrington Reilly son of William Alexander and Susan Reilly, was educated at high school in that city. In 1880 he was employed by the Erie railroad at Buffalo, N. Y., as stenographer and later on as chief clerk. In 1896 he held the post of assistant superintendent of the Niagara Electric Chemical and Co. of Niagara Falls, and from 1897 to 1903 he was a partner in the firm of J. N. Hancock & Co., miners and shippers of coal. In that year he came to Alberta and married Miss Horrie J. Cornes, daughter of Capt. Edward Cornes of Whitewater, Wis.

Master in Chambers Denies Statement On Forfeitures

In connection with the announcement from Calgary that no more orders for sale of land would be taken in mortgage actions, the Journal interviewed the master in chambers, L. F. Clary, yesterday. Mr. Clary stated that his statement was wholly unauthorized, and that no interview of any kind was given by him to any newspaper in the province. Mr. Clary stated that every case would be dealt with on its merits, and the proper financial strategy would be taken into consideration when dealing with every foreclosure or sale application. Mr. Clary stated that in any case where a mortgagee had abandoned the property and showed no inclination to fulfill his obligations, he would be entitled to no consideration.—Edmonton Journal.

Another New Auto Road

The Craibrook Automobile Association has been advised that two new steel bridges have been completed across the Moile river at Eastport, Idaho, and that a through line is now open by the shortest and most direct route from all east Kootenai, Alberta and western Canadian points to Idaho, and from there through to Spokane and other coast cities. The road crosses the border at Kingsgate.

"Hoch der Kaiser!"

One of the German prisoners of war was in custody here, speaking to the local immigration officer yesterday informed him that in his opinion the Kaiser was a "berg dam fool." Whether he was sincere, or he thought the "hole of a nut" an opinion might justify his release, is questionable. The authorities are taking no chances.—Sydney Post.

Prof. Brock is Now Dean

The Hon. Mr. Young, minister of education, for British Columbia, in receipt of an intimation from the board of governors of the provincial university, that Prof. R. W. Brock, has been pleased to accept the post of dean of applied science in the University of British Columbia. It has been learned that Mr. R. W. McConnell, for many years a member of the geological survey staff at Ottawa, has been appointed deputy minister of mines, in succession to Prof. Brock.

Judgment in Cooney Versus McCoubrey et al.

The evidence submitted in this action indicates me beyond all doubt that the defendant Chambers was actually the agent of the defendants McCoubrey & Peterson, and in order to induce the plaintiff to purchase Lots 22, 23, 24, and 25, Karpine Park, Alberta, the defendants made the several representations set out in the statement of claim and the amended statements of claim, and that these several representations were untruthful and not in accord with the facts, and that the plaintiff, after agreeing to purchase the said lots, relied upon the truth of these representations.

Further the evidence establishes the plaintiff demanded possession of the agreement and a refund of his money which would be commensurate with the actual costs of the facts had been represented. In view of these findings the plaintiff in my opinion entitled to an order directing the respondents, rescission and cancellation of the agreement to purchase and to a refund of purchase money, \$10,000, paid with interest at eight per cent. per annum. This rate of interest is stated in the agreement in the following words: "We guarantee these lots to be high and dry and good building or mining returned with 8% interest." It is not in my opinion unfair to apply the rate to a return of the money under the circumstances as declared by the judgment.

The amounts were as follows:—2nd Sept. 1912, \$80.00; 4th Oct. 1920; 21st Nov. 1920; 12th Dec. 1920; 25th Jan. 1913, \$20.00; 25th Feb. 1913; 2nd March 1913, \$20.00; 2nd Feb. 1913, \$20.00.

There will be judgment for the plaintiff accordingly, with full costs (including examination, if any) of costs.

Petition for Prohibition

The Alberta Temperance and Moral Reform league is, at the present time, engaged in canvassing for signatures on a petition which is to be presented to the provincial government at the forthcoming election, asking for a referendum on the question of prohibition. This being of such vital interest to the people of the province, the Temperance and Moral Reform league has decided that it should be given to the following:

1. The petition is asking the government to give to the people a referendum during the year 1915 on the question of province-wide prohibition.
2. The bill which recognizes the petition contains the following features: (a) It asks for prohibition of sale, gift or barter of intoxicating drinks; (b) It provides for the sale of alcoholic drinks for the following purposes: medical, sacramental, scientific and mechanical.

3. The bill is based on the principle of no license. Persons authorized to dispense liquor for the above purposes are to be called vendors, appointed by the government, who receive a stated salary, having no pecuniary interest in the liquor so dispensed and receiving no profit therefrom. Thus all profit or gain is eliminated from the sale.

4. The bill as drafted has in it the best features of several prohibition acts. In framing this the following were consulted: The Nova Scotia Temperance act; the Prince Edward Island Temperance act; the Kansas State Prohibition act; the Manitoba act, which, during the time of High John MacDonald, was voted upon, but never became law, and yet was carried by a majority before the Privy Council and was declared invalid. These are the acts out of which I have come our present prohibition bill.

5. The petition now asking for signatures asks the government for a referendum vote during the year 1915, on which occasion a majority of the votes cast carry this province for prohibition.

6. The petition requires 30 per cent. of the number of those who voted at the last provincial election. All qualified to vote are eligible to sign whether they ever voted or not.

An Opportunity to Dispose of Stock

Calgary, Sept. 11, 1914.

Dear Sir,

In certain portions of southern and

southeastern Alberta, owing to the

dry season and the scarcity of feed,

there may be farmers and ranchers

who would be glad to sell their stock

or place the stock out on shares.

In central and northern Alberta where

the rainfall has been heavier, and

there is an abundance of hay and

forage crops, there are no doubt

farmers who are in the market to

purchase stock on shares.

If these parties will communicate

their wants to the undersigned, he

would be very pleased to bring the

parties together in an endeavor to

help the live stock industry of the

province.

Yours very truly,

E. L. Richardson,

Secretary.

CONCENTRATION

It is better to advertise intensively than extensively when the aim is to devote to advertising is small. This means the regular use of the **BLAIRMORE** ENTERPRISE—52 messages a year addressed to the same constituency of readers.

Intermittent or divided effort is not likely to be restful. One full-powdered blow is better than two half blows.

Concentration of appeal will do a work of conviction and persuasion that will surprise you when the year's returns are totaled up.

A WORD TO THE PUBLIC

There's advice for you in this little homily to advertisers; it is: Reward with a full—not divided—crown to the merchant who steadfastly follows your good-will. The more you strengthen the hands of the man who serves you, the better will be the service returned.

For The Patriotic Fund

How much money will be raised monthly by two and ten per cent of the salaries of the civil service being contributed to the Patriotic Fund?

That is the question heard most frequently in official circles since Premier Sifton made the announcement of Alberta's Policy a few days ago.

The provincial auditor is busy preparing a statement for the Legislature and the only doubt about it will total a handsome amount.

Every person on the payroll of the province of Alberta will give their respective up to \$15.00 will contribute five per cent of their salaries monthly, and their earnings over that amount will give ten per cent.

The auditor, the legislator will be asked to authorize collection of the subscriptions during the progress of the war, and the object of the fund will be not only to benefit dependents of Canadian soldiers and regulars, but also British navy and army reservists, and French, Belgian and Russian reservists who leaving dependents in Canada, have gone to join the colors.

Alberta leads, the Dominion in the number of volunteers for active service and Alberta's government was the first to offer a gift to the imperial government, a large portion of the half million barrels of what bring us on the way to the front.

Alberta now leads the other provinces in special provision for the families of the men going to the front, and Premier Sifton is demonstrating that he made no life boast in saying that this Province would give its last dollar and its last man for the defence of the Empire should it be necessary.

Every Shoulder To The Wheel

None is the true for practical Canadians. Every citizen who enters the trade and industry of the country the strong underpinning of petroleum. Let the barren teaching of economists that trade is a cold blooded and altogether selfish business be now dispensed. If sentiment were always kept from inspiring the best of the human race, the people would be much better off in peace than it would be with war raging all around them. The sentiment of patriotism might change to be active in the commerce of a country. Especially in times like this it ought to be a strong inspiration to trade.

At present the natural industries of Canada are in an exceedingly fortunate position at the same time, exportation. All is well with them, and the welfare of the whole country greatly depends on them. The Canadians in these hands these industries are not restricted to idleness in this crisis nor do they have to be. The Canadians who are looking for service in the Empire's last new step and our farmers have just taken off a good harvest. The true Manitoba man can give for Canadian foodstuffs, and the rest of the transportation Canadian foodstuffs are guaranteed by British creditors. Excellent prices are offered for all that our farmers have to sell. The prosperity which the situation brings to them will not, we are sure, be selfishly kept to themselves by our men. They will use their buying power this year as they have used it in former years. Let them study more than ever before to give their money to the Canadian goods in the manufacturing industry that benefit of their preference.

Another natural industry that ought to go on flourishing at war time is that flourished in time of peace is that of producing the precious metals. The demand for gold was never before so urgent, and the scarcity of that basis of money came increase in the demand for silver. Our fisheries ought also to be called upon for a greater yield than ever because of the high price of all foodstuffs.

If the natural industries support the other industries as they ought to, there will be great lack of work for wage-earners in the cities and towns. If every citizen who wants to make improvements or add to his equipment in the present year crop would make out at once and forward them to the factory for future delivery there would be a sharp revival of activity in many Canadian works employing labor.

All the operations of mines would similarly

be stimulated by the same policy. The immediate, in many cases such activities would involve the making of credit for portions of the payment. The immediate credit could be by the collection of such payments before his bills, and we are sure that reasonable support could be secured from that quarter.

Public sentiment can also be counted on to stand by the suggestion. Our patriotic, Federal, Provincial and Municipal ought to feel bound to proceed with their several capital undertaking and keep on distributing money in the form of wages. All governments can assist to overcome the effect of the labor market in regard to the getting of the proceeds of bonds sold recently in London. The receipt of these funds will be speedily followed by a cash start in railway and other construction. Let all our people have confidence in Canada and be thankful that their lot is cast in this great country.

Bellevue Happenings
 Will the Kaiser find the Japanese any problem?
 Dr. Moore left Sunday for a two weeks' holiday in Edmonton.
 William Grafton, late manager of the Southern hotel, spent Sunday in Coleman.
 Rev. Mr. Reed, of Ponessaw, spent several days with Rev. and Mrs. Cook this week.
 A seven-pound trout takes much catching, but Jack Oliphant landed one up the North Fork.
 The Kaiser is said to have reckoned to dine in Paris on August 12th, but he has not got the entire yet.
 The mine was full all day Wednesday, the first idle day for some time. A rumor was current last week that the W.C.C. had lost part of their contracts, but this is officially denied.
 Tom Lloyd and Tom Phillips left for Arrow Lake on Sunday. It is their intention to purchase fruit lands up there. They will stay with Walter Williams at Mackinac's Landing for a few days.
AUCTION SALE—George W. Porter, of Grassy Lake, will sell at public auction at Bellevue, on Tuesday, September 22nd, at 2 p.m., the following: 1 earload of Friesian Milk Cows, One Bull, 300 Small Hogs, 200 Chickens.
 Jack Oliphant and Charles Perry returned to camp on Tuesday after a day's fishing on the North Fork. Fishing here is better than ever, and has not been for the snow storm they would have stayed a week. As it was they brought home a full bag of big ones.
 Our prophecy of a snow-storm given in last week's paper seems to have hit the mark. It was a heavy while it lasted, but we are thankful to see the white blanket removed and the good old sun with us again. We presume we may look for an Indian summer now.
 C.W. Johnson and E.R. MacKenzie left for Pincher Creek on Sunday. From there they drove some fifteen miles north into the Porcupine Hills, where Mr. Johnston's "house" car was left almost a tire. The necessary repairs were made and the party visited Mr. Johnston's ranch some fifteen miles from Gratum. Two deer were spent duck-hunting, and the return trip of sixty-five miles was made in a little over five hours. Crops in the Meadow Creek, Beaver Creek and Gratum districts are almost non-existent, but stock is in splendid shape.

The Town to be Born In
 In the German town of Klingenberg, near Aschaffenburg, Bavaria, in addition to having no rates to day for the upkeep of the town, those actually born in the parish received from the municipality a sum of about \$0.9 year. This sum, if inherited regularly at, say, 3 per cent., would enable the owner to receive about \$7,500 at the age of sixty—a very handsome old age pension. Were it not necessary that the inhabitants to prove that they were born in the parish before coming entitled to this payment the popularity of Klingenberg as a place of residence would doubtless be enormous.—Westminster Gazette.

OF LOCAL AND GENERAL INTEREST

The red ensign now flies over the local school.

M. M. Brown, who went skating at South York on Sunday, returned with a pound.

The opening of the provincial legislature has been definitely fixed for Wednesday, October 7.

The annual convention of the Union of Municipalities was opened at Camrose on Tuesday.

A. Power was in from South Fork on Monday, and returned Tuesday evening.

Miss Maud Johnson, of Coleman, spent Sunday in town, the guest of Mrs. and Miss Green.

A. Melba, proprietor of the Lethbridge hotel, was a visitor to Blainmore on Tuesday.

M. Flodley left by Wednesday night's train to join the corps of France against the enemy.

The entire trans-Pacific fleet of the C.P.R. has been requisitioned by the British government.

J. M. Fetter has returned to town after a brief holiday spent at the Chateau Rydal at South Fork.

P. H. Dubar, of Fernie, was a visitor to the Metropole on Monday. P. H. has six cousins and a brother-in-law in the French army at the front.

A grand dance will be held at the Rocky Mountain Sanatorium on the night of Friday, September 25th. A good time is assured.

The liquors seized from W. E. Gilbert by Fritz Seid, under a distress warrant in connection with the Alberta hotel, were sold by public auction on Tuesday afternoon.

T. J. Simons, bailiff, of Lethbridge, acted as auctioneer. The goods were purchased by A. Melba, proprietor of the Lethbridge hotel.

The editor of the Coleman Bulletin, on behalf of the City of Coleman, is making a bid for the siting of the District Court to be held there, complaining of the inability of Blainmore to supply the necessary accommodation. He forgets the fact that the gentleman responsible for the condition which presented itself before Judge McNeil last week was a resident of Coleman.

Dr. Chloé Oliver, a medical missionary of the Presbyterian church in Canada, is visiting the town of The Pass, and will speak at Blainmore next Wednesday under the auspices of the Presbyterian Church of the Gull. Her subject will be "Medical Mission Work Among the Women in India." The Gull invites all Blainmore ladies interested in women's work to the Mission Hall on Wednesday afternoon at 8.30.

The plans for the annual banquet of the I.O.G.F. are about complete. We understand that, owing to the probability of the attendance this year being much larger than on previous occasions, the society has decided to hold their banquet in open house, where tables will be spread and the catering done by J. A. Osborne of the Alberts hotel. It is hoped to have an orchestra, as well as considerable vocal talent, present on that night. The banquet will be served at 10 p. m., followed by a special meeting of Crow's Nest Encampment No. 8.

Rev. W. H. Muncester leaves on Saturday to visit two more mission stations in the Mackled Presbytery. There thus will be no services in the Presbyterian church on Sunday. Sunday school will be held at 2 p. m.

While from home Mr. Muncester will attend a meeting of the senators of Robertson College, Strathcona, of which he was elected a member by the last general assembly of the Presbyterian church.

The service, which will meet at Knox church, Calgary, is busy with framing the regulations for the N.D. Degree of the University of Alberta.

Handley is selling Tomatoes at 30 cents per case of about 25 lbs.

A. D. Perry, of Hillcrest station, the local agent, for a few days.

H. J. Pozzi has secured the contract for considerably cribbing along the river west of town.

Manager Fleming promises a "whole-of-a-tan" for all who attended the Sanatorium dance on the 25th.

The Misses Lea beg to announce their fall opening of millinery and fancy goods on Saturday, the 13th inst.

Owing to the disagreeable weather, construction work on the pipeline had to be suspended on Tuesday and Wednesday.

Joe Falini returned from Pincher Creek district this morning with a record bag of ducks. "Joe" was the only guest this trip!

The "Atlantic" pictures were put on the house on Wednesday night by Mr. Elliot and attracted a fair crowd.

J. M. Lee, formerly accountant with the 41 Market Co. here, has been transferred to Cranbrook, and left for there on Wednesday.

N. Hanes, who was one of the biggest contractors on the construction of the Crow's Nest Pass railway, celebrated his 60th birthday at Creton on Saturday.

District Deputy Dampier, of Pincher Creek, accompanied by Fred Collins and Fred Lindsay, came up on Monday night to attend the Massey meeting. They returned home next day.

The Chinese residents of Ottawa, who number about two hundred, have decided to contribute to the Canadian patriotic fund. Members of Chinese societies in other Canadian cities will be asked to contribute.

A meeting was held in the council chamber on Saturday evening last for the purpose of forming a civil rifle association. The meeting was well attended and an association was formed with a membership of over fifty. J. W. Newman and C. H. Macleod were elected captain and secretary respectively, and T. B. George was elected to look after the finances. The selection of a target range was left in the hands of a committee.

The club has been named "The Strathcona Civil Rifle Association." Any man between 18 and 60 years of age may join by paying the membership fee of \$1.00 and taking the oath of allegiance to the British crown. The programme of the Association will be announced later.

A rather serious runaway occurred yesterday forenoon. A team drawing a load of coal, and in charge of C. Koshach, took charge of its driver and reared in the direction of Victoria street. After crossing the street bridge near the corner of the Victoria street, the driver was thrown over the river bank, over which they made a mad plunge. When near the embankment the driver made a leap for his life, but was caught under one of the wheels of the heavy dray, which passed over one of his legs. He was picked up by the firemen and rushed to the hospital where his wounds were immediately attended to by Dr. Mackay. On reaching the river bed the horses broke clear from the twisted dray and dashed madly through the northern part of the town. Fortunately no fatality resulted, and Mr. Koshach escaped with but a few bruises.

It is often caused by indigestion and constipation, and quickly disappears when Chamberlain's Tablets are taken. For sale by all dealers.

N. Hanes, who was one of the biggest contractors on the construction of the Crow's Nest Pass railway, celebrated his 60th birthday at Creton on Saturday.

District Deputy Dampier, of Pincher Creek, accompanied by Fred Collins and Fred Lindsay, came up on Monday night to attend the Massey meeting. They returned home next day.

The Chinese residents of Ottawa, who number about two hundred, have decided to contribute to the Canadian patriotic fund. Members of Chinese societies in other Canadian cities will be asked to contribute.

A meeting was held in the council chamber on Saturday evening last for the purpose of forming a civil rifle association. The meeting was well attended and an association was formed with a membership of over fifty. J. W. Newman and C. H. Macleod were elected captain and secretary respectively, and T. B. George was elected to look after the finances. The selection of a target range was left in the hands of a committee.

The club has been named "The Strathcona Civil Rifle Association." Any man between 18 and 60 years of age may join by paying the membership fee of \$1.00 and taking the oath of allegiance to the British crown. The programme of the Association will be announced later.

A rather serious runaway occurred yesterday forenoon. A team drawing a load of coal, and in charge of C. Koshach, took charge of its driver and reared in the direction of Victoria street. After crossing the street bridge near the corner of the Victoria street, the driver was thrown over the river bank, over which they made a mad plunge. When near the embankment the driver made a leap for his life, but was caught under one of the wheels of the heavy dray, which passed over one of his legs. He was picked up by the firemen and rushed to the hospital where his wounds were immediately attended to by Dr. Mackay. On reaching the river bed the horses broke clear from the twisted dray and dashed madly through the northern part of the town. Fortunately no fatality resulted, and Mr. Koshach escaped with but a few bruises.

It is often caused by indigestion and constipation, and quickly disappears when Chamberlain's Tablets are taken. For sale by all dealers.

Handley is selling Tomatoes at 30 cents per case of about 25 lbs.

A. D. Perry, of Hillcrest station, the local agent, for a few days.

H. J. Pozzi has secured the contract for considerably cribbing along the river west of town.
